Re: **Primary and High School After-School Program**

Thanks for your support in the just concluded School League, without it, the League would not have been the success it was.

Now that it is behind us we have to now focus on the one ahead.

With this in mind, the Football Association is planning ahead in order to make the next one more successful than the just concluded one.

preparation for the next Competition begins in September with the registration in the Schools from the second week in September 2012.

The "After School" and Physical Education Programs will begin on **Monday September 24, 2012** and conclude on **Friday December 14, 2012**. During this time, training and identification of talents will be done in order to put together a squad for the various school age group tournaments, later in the New Year.

Effective **January 2013 to March 2013**, the emphasis will be placed on the students that has been identified and selected to represent the respective Schools so that they can begin training together as a team, in preparation for the Tournament that will begin in early **April 2013**.

The Annual Primary School and High School Competitions will commence in **April 2013**. Subsequently we are asking you indicate to us your preferred school color, so that the color will be identifiable or synonymous with the school. The age groups will remain the same and the format will be discussed and finalized at a later date.

We are again looking for your valuable support and cooperation as we seek to improve the standard of Football/Soccer in the British Virgin Islands.

If there are any questions to be asked, please do not hesitate to call or contact us at the addresses below.

Best regards.

*British Virgin Islands Football Association*
